- **CHOICE OF TUTORS**
  - Specific to the program tutors: no specific tutors, all teachers may supervise Digital Marketing of Marseille and Bordeaux + professionals who run courses in the 2019-2020 model (see with the) program for the list)

  - Some advice: consult the cv of permanent teachers on the site: https://kedge.edu/annuaire

They depend on all academic Department but can work on multiple disciplines. On their resume, you will find information on the courses they teach, the list of articles they have written, their specialty of origin (PhD or doctorate), and sometimes a small biography.

3. Training

What is the student formed? What skills are needed to perform the memory?

During his studies, the student receives 12 hours training on the methodology of research (literature, problematic, analysis of data...).

Regarding the review of the literature, training is intended to bring the student to show its ability to mobilize the academic intellectual contributions and managerial existing for a first theoretical and reasoned response to its issue.

How is this training provided?

This training takes place end of October as part of the course "Methodology of research" face-to-face and for the whole of the M2 from the MSc Digital Marketing and Sales. The student will also be able to view **documents online by Kedge Business School**.

It is up to the student to maintain his skills on the matter during his studies **to stay level** and use those gains **as part of its memory**.
